AWA

Maciek Hrybowicz

CD · OUT NOW

AWA — 'river' in Te Reo Māori — is guitarist Maciek Hrybowicz's instrumental solo album, inspired by three rivers that anchored different chapters of his life: the Vistula in Poland, the Thames in London, and the Waikato in Aotearoa New Zealand. Recorded with musicians from six countries, it's a soundtrack for a film yet to be made — a meditation on encountering an unfamiliar land and culture for the first time.
