

YES MORE BLUES

JT+Agnostics

12" VINYL LP · OUT NOW

A blues album that's as funny as it is heartfelt. Yes More Blues delves into modern Aotearoa New Zealand life — unrequited love, the chase for meaning, the allure of fame, and the stubborn comfort of the blues — with a light touch and a sharp eye.

Co-written by Maciek Hrybowicz and the late John Thomson, and recorded with a tight ensemble of Waikato musicians: Kiwiana blues you can believe in.

John Thomson — JT+Agnostics' bassist, co-writer and the heart of the band — passed away in January 2025. Yes More Blues is his recorded legacy.
